#### My Pool Pal<sup>®</sup>, patented\* Flotation Swimsuit

- Designed to help enhance buoyancy and stability in the water.
- Allows non-restrictive forward, backward and sideways mobility while in the water.
- Can be used for individuals with special needs and in physical therapy.
- Promotes a natural experience in the water with the use of strategically placed foam inserts which cannot be removed.
- Helps non-swimmers learn to swim and be better prepared for structured swimming lessons
- Helps provide peace of mind for parents, guardians, and instructors - creating an enjoyable experience for learning to swim.
- For children who can swim, My Pool Pal<sup>®</sup> promotes the development of muscles, coordination, endurance & confidence.

Sizes XS, S, M, L

XS – 20 to 30 lbs.  
S – 30 to 40 lbs.  
M – 40 to 50 lbs.  
L – 50 to 70 lbs.

\*Patent Numbers:  
Flotation Swimwear  
D-333,903; 5,459,874;  
US 6,971,935 B1; US 7,226,330 B2

Note: The performance of flotation swimwear varies according to body density and weight.

Because each child is different, it may take several times in the water before a child learns to relax and gain stability.

Hands-on assistance should always be used for non-swimmers while learning to balance.

My Pool Pal® is a patented flotation swimsuit designed to help build confidence and to make water activities fun and relaxing – a pleasure for the entire family. The secret lies in the foam inserts. They won't absorb water. They are sewn in to void removal; and they are balanced between the front and the back – enhancing stability and allowing a child to move freely in all directions.

From swimming lessons to summer outings, My Pool Pal® is the way to Play It Safe®.

M – 40 to 50 lbs.  
L – 50 to 70 lbs.

It is recommended that retailers inform customers that small children who weigh 20-25 pounds may require hands-on supervision until they have developed sufficient coordination or proper weight distribution to allow stability in the water. The level of performance may depend on the child's age, ability, personality, and environment.

## Swim-sters Sets & Trunks, Hats

### Girls & Boys

### Sun Hats SPF 35+

Fabrics used by My Pool Pal<sup>®</sup> have SPF 35+ (Sun Protection Factor). Fabrics help to block ultraviolet radiation, which can cause harmful effects on the skin.

### Swim-sters<sup>®</sup> Swim Diaper Sets & Trunks

Research indicates that our Swim-sters<sup>®</sup> undergarments significantly reduce the chances of deadly bacteria being released in the water by infants and toddlers.

## My Pool Pal<sup>®</sup> Swim-sters<sup>®</sup> Swim Diapers

Research indicates that our Swim-sters<sup>®</sup> undergarments significantly reduce the chances of deadly bacteria being released in the water by infants and toddlers. My Pool Pal<sup>®</sup> Swim-sters<sup>®</sup> swim diaper products are designed to be worn under swimsuits.

The first thing you should know is that our swim diaper products are not diaper covers. They are real diapers! New and unique diapers specifically designed to take the place of traditional diapers when your child is playing in the water. Why?

Because they fit close and contain solids. Because they wear comfortably under all swimsuits. Because the snug hug alerts you when an accident has happened. Because they...oops...end embarrassing moments.

My Pool Pal<sup>®</sup> Swim Diapers:

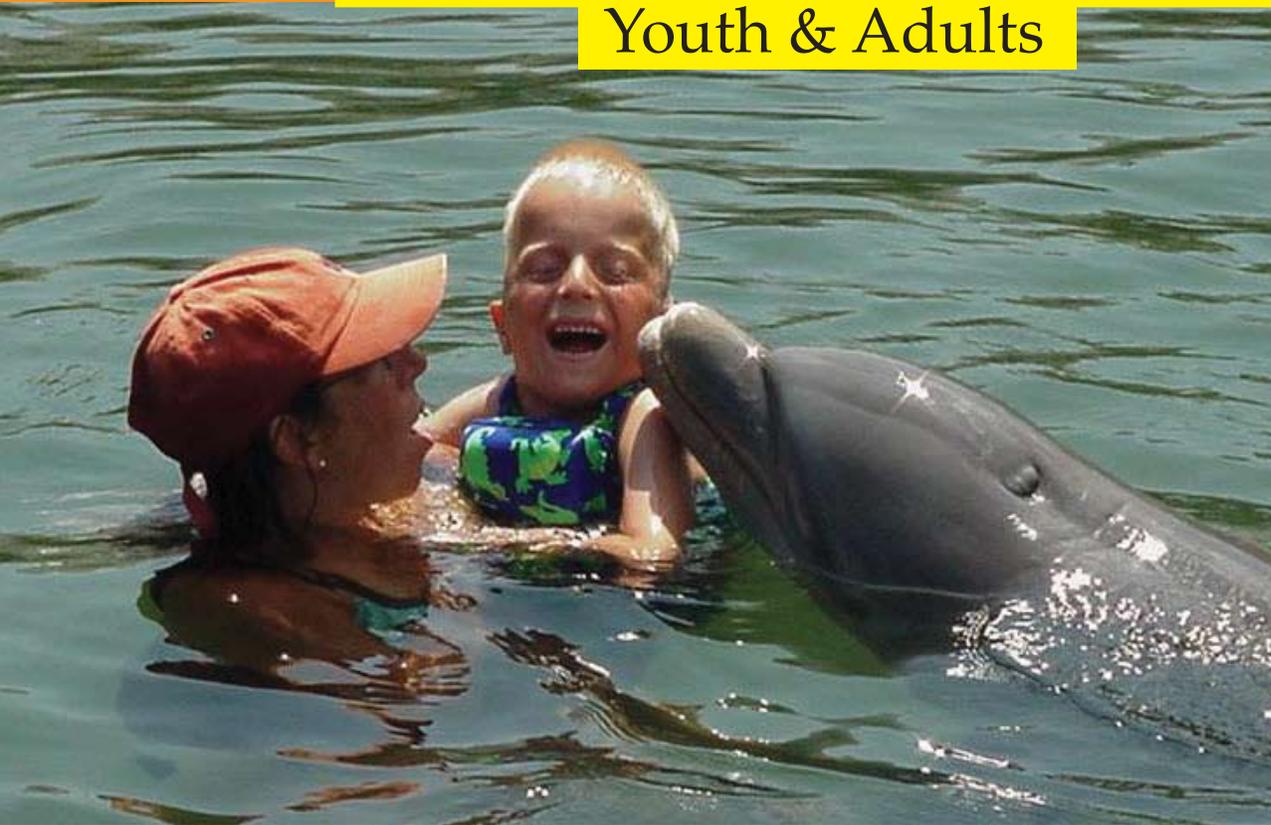

- Don't come apart in the water and clog filters
- Don't absorb water and add extra weight
- Can help stop the spread of bacteria like E. Coli.
- Are used correctly when worn under a swimsuit
- Reusable swim diapers also tested and approved for use as an extra barrier and protector when used with disposable diaper products

# My Pool Pal<sup>®</sup>

## Special Needs & Aquatic Therapy

Infant, Toddler,  
Youth & Adults

My Pool Pal<sup>®</sup> Special Needs Swim-sters<sup>®</sup> are specifically suited for persons who require a diaper while swimming.

- Swim-sters available in both reusable and disposable styles.
- Disposable Swim-sters can be reused until soiled.
- Designed for persons with bowel incontinence.
- Unlike other swim diapers which are bulky, Swim-sters do not absorb liquids.
- Swim-sters can be worn discreetly under a swimsuit.

## My Pool Pal<sup>®</sup> Special Needs

Flotation swimsuits and Swim-sters swim diapers products can be adapted for those with special needs in infant, toddler, youth, and adult sizes. Custom sizes and swim trunks are also available upon request. Contact our customer service representatives for details
